

1. K-Love is very important to our family. It is part of our daily religious lives helping us to serve the lord and share the word of god to others.
2. Not having K-Love on 24 hours a day would surely affect our community. K-Love is always there to take prayer requests and help others through difficult times through their continual music w/out commercials. Transferring to LPFM along with other programs would have a detrimental affect on the listeners.
3. K-Love is in the publics' interest because they are always there for prayers or music requests that will help the public with personal issues. It is always nice to know that what we are hearing here in Oregon our family in California is hearing the exact same thing - touching their lives at the same time. :-)

Please help keep K-Love on their normal FM broadcast service versus transferring them to an LPFM broadcaster that would provide other programming as well..... this would change the whole meaning of K-Love, listener supported. We are financial supporters and we would not be happy with this change.
Thank You, JMSmith
